Community League

For the benefit of those in our county who wish to better understand what "The Cooperative Education Association" is, I am requested to state that it was organized in 1904. It conducted the historic campaign in 1905. During this campaign the State of Virginia was covered with speakers in the interest of better education opportunities for the youth of the State. This was the beginning of the educational revival in our State. This association conducted the first two educational conferences held in Virginia, which conferences were participated in by the Department of Public Instruction and the State Teachers' Association and have come now to be a great educational gathering of forces of education in Virginia during Thanksgiving week. This conference will be held this year on the 23rd, 24th and 25th of November and will be of special interest to all who attend. There will be able speakers and among them is Hon. Horace Mann Turner, Congressman from Iowa, who will speak on "The Citizens Interest in Education" and many others from all parts of our State. The demonstration farm work was brought into Virginia through the efforts of this association, as was the work of Woman's Dem. organization.

Lumber Back to Normal.

LUMBER has reached a price-level where its value bears the true and proper proportion to the value of the products you farmers raise and sell. In other words, prices today on lumber are consistent with prices on farm products.

THERE'S NOTHING MYSTERIOUS about it—just the old law of supply and demand—and a willingness on our part to play fair with our customer friends by reducing our prices to a point where you can afford to buy.

RIGHT NOW your problem may be a barn, a shed or other building necessary to help you do your work better, more quickly or more economically. Or it may mean a new home, or repairing and remodeling the old one.

BRING YOUR PROBLEM TO US—Let us show you the facts. We have many plans and suggestions, some of which you can probably use, and our friendly counsel and assistance won't obligate you in any way.

Come in the first convenient day and let's talk it over.

THE BANK OF APPOMATTOX

On April 9th we celebrated our 20th birthday without ever having sustained a loss by burglary by night or hold-up by day, or otherwise.

In addition to having a modern Mosler Manganese Burglar Proof Safe, and carrying heavy day-light hold-up and night burglary insurance, we have just recently installed The Cannon Ball Electric Burglary Alarm System, which is one of the best on the market and which is now being used by more than 1500 banks in the United States, none of which have been attacked with success.

When you are in town drop in and we will be glad to explain and show the system to you.
